Per legislative direction, the initial plan is to focus on upgrading diesel powered school buses either by replacement or installation of advanced exhaust controls. The plan will target 450 buses at minimum that have been selected in a random draw (see website). The state has requested funds from the Oregon allocation. DEQ will commence engaging with school districts as early as summer 2018 and afterward proceeding over the next four years to complete this portion of the plan. DEQ anticipates the Oregon Legislature will convene in 2019 to consider additional priorities and criteria for selection of future mitigation actions. OR and WA have issued a second joint ZEV Investment Proposal to Electrify America that outlines proposed projects under the ZEV Investment Fund element of the settlement.</p> <p><a href="http://www.oregon.gov/deq/aq/programs/Pages/VW-Diesel-Settlement.aspx">http://www.oregon.gov/deq/aq/programs/Pages/VW-Diesel-Settlement.aspx</a></p> <p>Pacific Northwest ZEV Investment Proposal  <a href="http://www.4cleanair.org/sites/default/files/Documents/Pacific_Northwest_ZEV_Investment_Proposal-Cycle-2.pdf">http://www.4cleanair.org/sites/default/files/Documents/Pacific_Northwest_ZEV_Investment_Proposal-Cycle-2.pdf</a></p>
