Virginia	<a href="mailto:vwmitigation@deq.virginia.gov">vwmitigation@deq.virginia.gov</a> DEQ Air Division	Department of Environmental Quality	Virginia developed a proposed state mitigation plan in 2016 intended to provide the public with insight into the Commonwealth’s vision for the eligible uses of the VW Trust mitigation funds. The state conducted a public comment period (Nov 17 – Dec 16, 2016) and meeting (Dec 7, 2016) on the proposed mitigation plan. Virginia received 101 comments on the proposed mitigation plan that are currently under review. To further inform the state’s planning efforts, Virginia released a Request for Information (RFI) in April 2017 seeking early input from governmental and non-governmental entities on the type and scope of projects that they may later submit to compete for VW Trust funds, funding and project evaluation priorities, and methods the state could employ to increase participation in future requests for VW mitigation projects. <a href="http://www.deq.virginia.gov/Programs/Air/vwmitigation.aspx">http://www.deq.virginia.gov/Programs/Air/vwmitigation.aspx</a>
